St. Patrick's Day Social Our social event this month was an Irish jig full of fun and laughter!

The day started off with a very efficient registration and check-in handled by Karen Kattar. Next the players were sent off to their assigned courts to play some fierce tennis in their very green attire. Winners received a new can of tennis balls.

After the competitive tennis play everyone came back to the Tennis Hut to take part in some Irish libations served by Bob Swinford (pictured to the right).

Lunch was then served with delicious Barro's pizza, a variety of side dishes, and desserts. Very appetizing and delicious!

Debbie Welsh, our Social Director, managed the social gathering by organizing the various Leprechauns with great decorations, green shamrocks, food tables, and more. Great Job Debbie and Team!

Randy Welsh (not to be out done by Debbie) handled the set-up of the tables and chairs. He got the Irish beverages nice and chilled and get things organized.

Sheri stepped in to handle the tournament duties handing out clipboards, court assignments and more. She also managed the winners and prizes.

During the event, our Secretary, Sheri Wallace, managed a successful 50/50 raffle that generated over \$550.00 that three winners split.

Red Ball Tennis

Red Ball tennis is coming soon to PebbleCreek.

Hoping to get back on the tennis court? Or try a smaller and easier version? Red Ball tennis may be the answer for you. Red ball is designed to get you playing in 10 minutes. It's played on smaller courts, with shorter rackets and slightly larger tennis balls.

The smaller court, shorter rackets and 66-to-75-percent slower balls allow for full tennis swings in a smaller space which gives instant success to new players, and is a ton of fun for players of all skill levels.

Join us as we all learn together how to play Red Ball Tennis! Interested? Find out more by contacting us at info@pctennis.club
